

UK YOUTH

Thank you Give it Away

On behalf of us all at UK Youth, thank you for your generous donation of £2,000 towards Avon Tyrrell's Bursary Fund. The fund enables children from low-income backgrounds and families with disabled children to experience the joy of outdoor learning. Your donation will enable four families to visit Avon Tyrrell in 2023 for a two-night stay and with the opportunity to enjoy all the fully accessible activities on offer. This includes canoeing, wall-climbing, high ropes, archery and orienteering. Families will enjoy hot meals and the chance to spend time with other families having similar experiences, all whilst being supported by our dedicated Outdoor Learning team. Below are some pictures and feedback from some of this year's beneficiaries.

"We get to meet different families from different backgrounds with the same struggles. Having special needs children is not an easy task, so we are grateful for these weekends. A special thank you to the staff members, they made our kids feel welcome. Our sons, especially the special need one, has built a close relationship with them. He doesn't normally speak to grown-ups who he doesn't know but we had seen a different side to him. He engaged and started conversations with members of staff. Thank you to the kitchen staff - the food was brilliant and I'm so happy for 2 days of no cooking."

"These weekends have been a lifeline. Things can get a bit much in everyday life and to come away with your family is appreciated and helps us have a bit more time to recharge to enable us to face everyday life again"

Thank you Give it Away, for your continued and generous support!
